Georgetown Easy for Paris Team

The Paris club defeated a team from Georgetown College Wednesday afternoon by a score of 12 to 3.

The game was slow from start to finish as the Georgetown aggregation was outclassed and the only runs made by them were allowed through errors on the part of the Bourbonites.

McKernan used three pitchers, Shears starting it off for Paris, being replaced by Schrauder in the sixth, who retired for Maxwell in the eighth. The Paris boys had no trouble connecting with Judd and seemed to be able to place them anywhere in the field they desired.

Mayer was the backstop for Paris and did splendid work throughout the game. He caught two men off first with ease and his pegging was of a high class. He also caught a man off third, assisted by Kuhlman. Outside of Parks' drive which landed against the back fence, there was nothing startling in the playing of the visitors. No scores were made until the fifth inning when three runs were chalked up to their credit. They succeeded in getting five runs in the eighth due entirely to the lax playing of the home team. The lineup was as follows:

Paris—Kuhlman, 3b; McKernan, 2b; Mayer, c; McKelvey, ss; Goodman, rf; Rapp, cf; Barnett, 1b; Hewitt, lf; Shears, Schrauder and Maxwell, p.
Georgetown—T. Judd, 3b; Beatty, 2b; Anderson, 1b; R. Judd, p; Barnett, lf; Herndon, ss; Herring, cf; McKinney, rf; Park, c.

Stone, a pitcher who hails from Pennsylvania, reported for duty Wednesday and looks to be good. He played last season with Williamstown, in the Tri-State League and made a fine record for himself during the season. Manager McKernan is on the lookout for a good outfielder and is now corresponding with several looking towards having them join the Paris team by the time the season opens, at least.

Tomorrow afternoon the Paris team will meet the State University team from Lexington.

Richmond is planning for a lively time when the season opens in that city on May 10. Richmond will open at Winchester on May 9, and on the following day the fans of Pioneer town will give a monster parade which will be headed by a brass band and participated in by all the "bugs."

Milt McCormick, last year with Paris and who was sold to the Albany, Ga., club of the South Atlantic League, shut out the Macon club Tuesday allowing his opponents but five hits. Jack Scheneberg, with Savannah, of the same league, lost to the Augusta Club in a game Monday.

Frank Goodman, of the pennant winning aggregation, rolled into camp Monday night, and got down to hard practice Tuesday morning. Goodman has been railroaded all winter on a short line running out of Paintsville, and aside from a few slight touches of rheumatism says he has wintered well and is anxious for the season to open. He had not engaged in any practice prior to reporting but there is no doubt but that he will be in tip top shape for the opening game with the Wharf Rats.

The Cincinnati Enquirer has the following of the Paris club which will play the Wiedemanns in Cincinnati Sunday:

"The champion Paris team of the Blue Grass League will play the Wiedemanns Sunday at the Wiedemann park. President Herman, of the Reds, has granted the Wiedemann management special permission to pull off the game. His consent first had to be obtained, according to the national agreement. Paris has always been a big attraction in this vicinity. This is the first time for four years that they have appeared in Northern Kentucky, and the fans will remember how they trimmed the Covingtons, with Red White pitching for Covington, when Manager Aptime for four years that they have appeared in of 14 straight games. Ed McKernan, the Paris manager, is a Cincinnati boy, and several of the players are from this section, among them being Mayer, who did the catching for the Cincinnati Shamrocks last season; Joe Rapp and Leslie Timme. 'Mac' expects one of these lads to turn out to be great a find as Kaiser, who was with his team last year, and now playing with the Chicago National League champions."

A number of Paris fans have signified their intention of accompanying the Paris team to Cincinnati.

Do Ghosts Haunt Swamps?

No, never. Its foolish to fear a fancied evil, when there are real and deadly perils to guard against in swamps and marshes, bayous, and lowlands. These are the malaria germs that cause ague, chills and fever, weakness, aches in the bones and muscles and may induce deadly typhoid. But Electric Bitters destroys and casts out these vicious germs from the blood. "Three bottles drove all the malaria from my system," wrote Wm. Fretwell, of Lucama, N. C. "and I've had fine health ever since." Use this safe, sure remedy only. 50c at Oberdorfer's.

PAYABLE IN ADVANCE

The U. S. Treasury Deficit.

The Republican newspapers were very jubilant the early part of April because, for the first time for years, there was a small surplus in the Government receipts instead of the usual deficit. But their joy will now be turned to mourning; for although April began with a surplus, there was a deficit of some \$4,000 on the 19th of that month. Expenditures are increasing, and receipts are decreasing from all sources except the corporation tax, from which by July 1, \$25,000,000 or over should be paid into the treasury. If the expenditures for the Panama Canal were included in the treasury figures, as they used to be, the deficit would amount to nearly \$30,000,000.

The Republican Remnant.

The vote in the House of Representatives on the joint resolution proposing an amendment to the Constitution to provide for the election of United States Senators by direct vote of the people was almost unanimous. Former Speaker Cannon and fifteen other standpatters cast negative votes, and these sixteen may be considered as the last remnant of the "old guard" that ruled the 60th Congress so autocratically, but went to pieces in the last Congress.

Chairman Underwood's management of the "steamer roller" is the envy of the Republican leaders; they had no idea that he would prove to be such an expert chauffeur.

Nearly every commodity but cotton is depressed in price, yet there is free trade in cotton. Why don't the standpatters explain this upset of their theory of tariff protection?

It now appears that the Taft Administration people have been shedding no tears over the defeat of the Republican candidate for Mayor of Chicago, for the election of Professor Merrain would have been claimed as an insurgent victory.

The Republican leaders are still in hopes that the Democrats will make asses of themselves; but the Democrats are going right along with their reform legislation as though there were no standpatters in existence. This is positive cruelty to the Republican animals.

The next report by the Agricultural Department on the condition of winter wheat and the acreage on May 1, will be issued on May 8th. That report will allow a somewhat close estimate of what winter wheat will produce, and will have a great influence on the price of wheat until the total crop is assured.

Hiram Hedges' Nephew Shot.

Jonah Hedges, a young farmer of Nicholas county, and nephew of Hiram Hedges, who was killed by night riders, was on Monday night shot from ambush by unknown parties. The shot entered his hip and he is dangerously wounded. There is no clue that would lead to the apprehension of his assailants.

Beware of Ointments for Catarrh that Contain Mercury.

as mercury will certainly destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is ten fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure, be sure you get the genuine. It is taken internally and made in Toledo, O., by F. J. Cheney & Co. Testimonials free.

Charlton Clay—Tom Mack.

—About two hundred acres in and around Crittenden will be planted in tomatoes this year, says the Williams-town News. The tomatoes have been contracted for by a Cincinnati concern which will manufacture them into catsup. It is understood that this concern is not particular about the stage of ripeness at which the tomatoes must be delivered, as that is not considered important in catsup making. The contract calls for a price of 25 cents per bushel for the tomatoes.

—Dr. A. J. Payne, of the United States Bureau of Animal Industry, with headquarters at Frankfort, is mailing out letters to all masters and owners of ferry boats and steamboats, notifying them that sheep from Ohio, Indiana and West Virginia must not be brought into this state until they are inspected by either a Federal or State Live Stock Inspector, and accompanied by a certificate specifying that they are free from disease. Dr. Payne said last week that by May 1 he would have three State Inspectors to assist in the work. The State Inspectors will be representatives of the United States Bureau of Animal Industry, and ultimately there will be about fifteen put to work in this State.

—The General Assembly of the International Institute of Agriculture will meet in Rome in the early part of May. The United States will send six delegates to the meeting and they are arranging for their departure on the mission. The sessions of the Institute will last about a week and will serve as a clearing house for the world's progress in agriculture during the past two years.

—L. Ed Griggs, of Mt. Sterling, has sold to John D. Rose, of Hazel Green, Ky., his handsome four-year-old stallion, Madison Chief, for \$750. This horse was sired by Bourbon Chief, the grand old sire of so many high class horses and is a fine type of that famous strain. Mr. Griggs raised the colt on his farm in Madison county.

"Drys" Carry Pendleton County.

Pendleton county voted to remain "dry" by a majority of 811 Tuesday. Every precinct went "dry" except one. About 2,450 votes were cast. This is thirty-nine more "dry" majority than four years ago.

Covington Lawyer is Indicted.

B. F. Graizana, a prominent Covington lawyer, and a brother of Mr. J. B. Graizani, of this city, was indicted by a special grand jury on the charge of subornation of perjury in the case of the estate of Edwin Farrington against the Cincinnati, Newport and Covington street railway. Immediately after Attorney Graizana was indicted, Attorney Strucklett, representing Graizani, filed an affidavit attacking the grand jury and charging that two of its members were employees of interest in which James C. Ernst, well known in Paris, president of the C. N. & C. railway is prominent.

The affidavit also charges that the accusation against Graizani is a conspiracy by the street railway company to ruin this reputation. Graizani has been an attorney in many damage cases against that corporation.

Edwin Farrington was killed by a street car twelve years ago. The case against the street car company was recently tried and won by the company.

John P. Clark, Thomas Galloway and Louis Meyers, witnesses for the Farrington side, were arrested recently on the charge of giving false testimony and indicted. It is said that Louis Meyers, turning State's evidence made a confession.

Graizani has been practicing law in Covington for twenty-five years and is reputed to be rich.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a secret nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

Notice to Dairymen, Butchers, Bakers and Grocers.

Don't leave your products exposed. This Board will not stand for it. The people of Paris demand clean stuff; they know the clean places.

Mayor J. T. Work is expected to begin the early part of next week. The condition of Mainstreet for several months has been very bad and a menace to travel on the thoroughfare. Last fall when the street was repaired the work was not at all satisfactory owing to the inferior mixture of the composition and deep ruts soon made their appearance.

Time to Buy Town Property.

The sale of the Barnes lots, which is to be held on Thursday, May 11, at 10 o'clock a. m., affords an opportunity to secure the best building sites ever offered at a public auction in the city of Paris. Admirably situated the lots are the most desirable and the investor or prospective home builder should grasp this opportunity to secure this most valuable town property.

Bryan Speaks to Immense Crowd.

The greatest reception ever given an individual in this city was tendered the Hon. Wm. Jennings Bryan yesterday afternoon, the occasion of his visit to this city being to lecture at the opera house under the auspices of the Young Men's Christian Association of Kentucky.

Fully two thousand people thronged the streets early in the afternoon prior to the arrival of the distinguished visitor to get a glimpse of the "Peerless One."

Mr. Bryan arrived in this city on the 3 o'clock interurban car and was met at the Fifth street station by the local committee. When he alighted from the car he was greeted by the hearty applause of the hundreds that lined the sidewalks.

An automobile parade was formed at the interurban station, and headed by the Paris High School Band, the procession proceeded to the Opera House.

Mr. Bryan, with his head bared, greeted the vast crowds that thronged both sides of the street on the route to the opera house with cheerful smiles. In the procession were fifteen automobiles.

At the opera house a large number had been seated before the arrival of Mr. Bryan and the committee. The rush was far greater than anticipated and in the confusion great difficulty was experienced in getting the audience seated.

When Mr. Bryan appeared on the stage he was greeted by a storm of applause. After the innovation by Rev. E. M. Lightfoot, the Hon. C. M. Thomas, in appropriate remarks, introduced the speaker.

Mr. Bryan, taking the stand, in brilliant and amusing terms referred briefly to his career as a political aspirant, prompted by the remarks of Mr. Thomas in the words of introduction. He then dwelt upon the advantages and work of the Young Men's Christian Association of Kentucky, under whose auspices he is touring the State and then launched into his famous lecture, "The Prince of Peace," which was heard with great interest by the vast audience.

The crowd at the opera house which heard Mr. Bryan was one of the largest in the history of the house. A large number of people from adjoining towns took advantage of the opportunity to hear the distinguished citizen.

Mr. Bryan left Paris at 6 o'clock for Frankfort where he delivered a lecture under the auspices of the Young Men's Christian Association of that city.

Furniture for Paris Church Burned.

The finishing and drying rooms of the Vaught Furniture Co., at Parker, Ind., were destroyed by fire a few days ago entailing a loss of \$15,000. In the fire was a portion of the furniture for the Paris Methodist church which was awaiting shipment. The furniture for the Paris church was a total loss, as was a large order for a Louisville church. Mr. K. R. Vaught, a member of the firm, is a son-in-law of Mr. T. D. Judy, of Millersburg.

Lively Time Expected.

When the Republicans of Bourbon county meet in convention tomorrow to select delegates to the Railroad Convention to be held here May 3 a lively time is expected. Between the Bradley and anti-Bradley factions there is said to be a breach which is widening as the time for the convention approaches. City Collector Stamps Moore is at the head of one faction and is opposed by Geo. W. Stuart, Chairman of the Republican County Committee. Several Democratic politicians of the city are said to be taking an active part in the struggle. The result will be watched with a great deal of interest.

Postoffice to Be Closed.

By an official order the postoffice in the future will be closed on Sunday and mail will be delivered only to those having boxes. The postoffice will be moved into the Federal building today and the first delivery will be made this afternoon at 3:30 o'clock.

Cynthiana is to Remain "Dry"

After a hard fought campaign the city of Cynthiana Tuesday voted "dry" by thirty-five votes. In Harrison county the "drys" received a majority of 998 votes.

The "drys" carried the First and Second wards and all the county precincts except Lair, which gave the "wets" four majority. The "wets" carried the Third and Fourth wards in Cynthiana.

The election passed off quietly, but both sides were active in getting out the vote in the city. The women and children took a conspicuous part. Prayer meetings were held at the churches in the city at 5 o'clock in the morning and crowds of women and children were at the polls when they opened. They remained at the polls all day, working and serving lunch and hot coffee to the voters.

Will Meet at Cerulean Springs.

The Kentucky Press Association will meet this year for the summer outing at Cerulean Springs, in Trigg county, the executive committee having decided upon this place. Invitations were received from Jackson, Breathitt county, and Estill Springs to meet at those places. The dates of the meeting will be June 19 to 23.

Gives Aid to Strikers.

Sometimes liver, kidneys and bowels seem to go on a strike and refuse to work right. Then you need those pleasant little strike-breakers—Dr. King's New Life Pills—to give them natural aid and gently compel action. Excellent health soon follows. Try them. 25c at Oberdorfer's.

A "Noble" Faker.

Sheriff Hudson, of Breathitt county, who went to Arkansas with the expectation of returning "Bad Jake" Noble, mountain feudist, to Kentucky, started the return trip empty-handed. Instead of Noble, Hudson found another Breathitt county man, Albert Barnett, under arrest. Barnett is penniless and homesick, and adopted the ruse of declaring himself Noble, presumably with the hope of securing transportation to Kentucky. He was released from custody.

Somerset a Third Class City.

The Appellate Court Friday reversed the Pulaski Circuit Court in the case of T. B. Griffin, Mayor, against Powell, and declared constitutional the act of March, 1910, making Somerset a city of the third class. The act was attacked on the ground that Somerset did not have 8,000 inhabitants. The court holds that the Legislature must be regarded as having lawfully exercised the power conferred by section 156 of the constitution and under its provision the act is conclusive and cannot be questioned by the courts, that the matter of ascertaining the population is, therefore, a matter wholly in the discretion of the Legislature.

Reciprocity Bill Passes the House.

President Taft's Canadian reciprocity agreement, supported by all but a handful of Democrats, and opposed by a majority of the Republicans, passed the House of Representatives early Friday evening by a vote of 265 to 89. With nearly 200 Democrats in control and their action endorsed by a large body of the Republicans, the bill to put the agreement in force was adopted with no amendments, and in almost identical the form in which it passed the House in the last session of the preceding Congress. Ten Democrats voted against the bill.

BLACK HAWK CORN PLANTER No. 15 VARIABLE DROP! Light Draft, Simple Construction.

Wur special new feature in this planter is that we not only get an accurate number of kernels in each hill, but we get the number of kernels in each hill which the fertility of the soil is able to bring to perfect maturity.

No field was ever known to contain exact uniformity in strength of soil. It is just as unreasonable to expect the same results from thin, weak soil, in comparison with deep, rich soil, as it is to expect a child to do a man's work. This is a reasonable proposition, particularly to the scientific corn grower.

More money is being spent and greater efforts along educational lines are being made to-day than ever before in the world's history to increase the yield of corn per acre. We contributed a very large effort to accomplish these results with our Black Hawk single kernel edge drop, and we now add to our combination the No. 15 Variable Drop, with which the drop can be changed to 2, 3 or 4 kernels in a hill without stopping the team; or can drill 7 1-2, 10 or 15 inches, 9, 12 or 17 1-2 inches, or 11, 14 or 22 inches apart, without stopping the team.

Hand Drop Attachment with each Planter, has Foot Drop also. Will plant last two rows and wind wire at same time. Come and let us show you the best planter made.

Use Hot Sand.
When your hot-water bottles leak do not throw them away, but fill with hot sand. Make the sand hot in the oven and pour into the bottle. It will keep hot much longer than water.

Truth Eternal.
Truth, like cork, will be uppermost at one time or another, though kept down in the water.—Isaac Taylor.

That Friendly Lamb.
The lion and the lamb, may lie down together, but there's only one to be called in the morning.—Judge.

Kentucky Hams Sent to Gotham.

The New York correspondent to the Cincinnati Enquirer says: "Carrying coals to Newcastle would not excite half the surprise that was caused by the arrival of three cooked hams at the Waldorf-Astoria yesterday. The hams had been sent from Kentucky, and their destination was the annual luncheon of the Society of Kentucky Women. The hams had a place of honor at the repast, occupying a small side table entirely apart from the less distinguished viands. "Mrs. Thomas Henry Clay, of Bourbon county, sent the hams because she was unwilling that Kentucky women should foregather even so far from their native state without enjoying a taste of home cooking."

A COMMON ERROR.

The Same Mistake is Made By
Many Paris People.

It's a common error
To plaster the aching back.
To rub with liniments rheumatic joints.

When the trouble comes from the kidneys.
Doan's Kidney Pills are for kidney ills.

Here is convincing proof of their worth:
M. T. Coons, 416 S. Mill street, Lexington, Ky., says: "For several months I was bothered by attacks of kidney trouble. I felt tired nearly all the time and had such intense back-aches that I could not sleep. After I stooped my back pained me so severely that I could hardly straighten. I tried a number of remedies and used liniments and plasters but I steadily grew worse. A friend finally told me of Doan's Kidney Pills, saying that they cured him of a similar trouble, and acting on his suggestion, I procured a box. I received prompt relief from their use. Nearly eight years have since passed and I have not had the slightest return attack of kidney trouble."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Scott's Emulsion

is the original—has been the standard for thirty-five years.

There are thousands of so-called "just as good" Emulsions, but they are not—they are simply imitations which are never as good as the original. They are like thin milk—SCOTT'S is thick like a heavy cream.

If you want it thin, do it yourself—with water—but don't buy it thin.

Kaiser Still Doing Good Work.

"Germany" Kaiser, ex-Bourbonite, is turning up things in the major league, and playing the game of his life for the Cubs. He is hitting the ball good and hard and is running bases and is showing a class that is making the best of them set up and take notice. The Chicago Tribune in a recent issue contained the following:

"Chance played a great game of ball, and his pace was followed by both Schulte and Kaiser. This latter fellow has become inspired with that championship spirit already, and, having recovered from any stage fright he may have felt yesterday, he just reveled in the game today and has impressed every one now as the best looking outfielder who is breaking into fast company this season.

"He can run around the bases as fast as Zimmerman and seems to increase his speed with every stride. He can go to third base and finish pulled up where others would slide to second. In the field he can cover as much ground as Artie Hofman himself, and he can throw from any position and shoot the ball in like a bullet. All he needs is a bit of polishing in the finer points of the game, and he'll get that while doing bench duty."

Deaton's Slayer Held Under Bond.

The examining trial of Anse White and his wife, charged with the murder of Jason Deaton, closed at Jackson Tuesday and resulted in the defendants securing bond in the sum of \$5,000 each. They were not able to give the bond required.

There was great contrariety of testimony between the witnesses for the prosecution and the defense, the prosecution witnesses claiming that Deaton was unarmed at the time he was shot, while Anse White testified, and was corroborated by two eye witnesses, that Deaton fired on him first and that he was only saved from being killed by knocking down Deaton's pistol as the latter fired at him.

Billy Burke at Lexington.

The Cincinnati Post has the following:

"Mrs. Dot," an angel cake with three layers of frosting, was presented at the Grand Monday with glorious little Billy Burke in the title role. If you have a taste for sweets you will like "Mrs. Dot" and Billy Burke. You leave the theatre feeling that you have had a banquet of dessert.

"Mrs. Dot" is the most sugary offering we have had this year but you would scarcely expect anything else, for Miss Burke, like the little girl in the nursery rhyme, is made of sugar and pice, and you can only love her and adore her.

From her little wayward bronze curls down to the tips of her dainty satin slippers she is sweet and delicious. She is a dream in pink and white—something exquisite and delicious—a cream puff or a candy "kiss."

Billy Burke will be at the Lexington Opera House on Thursday evening, May 4.
